

Personal and Social Mention

The first pictures of the havoc left by the recent storms in the state of Michigan have been received by Mayor-elect A. J. Rolland, and portray scenes of disaster near Fenton, Michigan, at a pleasure resort known as "Cussawago Beach." The beautiful grove is torn to ruin and the buildings that belonged to different people who frequented the resort during the summer months are scattered into an unrecognizable mass. Another picture shows an overturned automobile the occupants of which had but gained shelter in a nearby house when two women and a baby were killed and the house carried away. The pictures reveal destruction and desolation on every hand.

Judge Seth F. Crews, of Oscura, who has been quite ill for the past few days at the Carrizozo Eating House, recovered sufficiently to take No. 4, Thursday for his old home in Fairfield, Illinois, where he will join Mrs. Crews, who has been at that place for almost one year. The Judge had been in the best of health until the first part of the present week, when he was attacked with an ailment of a bilious nature. Receiving no relief, he decided to start for Fairfield where old surroundings and loving hearts ministering to his wants and comfort, it is hoped, will restore him to perfect health.

Senator J. V. Tully came up from Oscura, Wednesday where he placed two car loads of cattle for pasture. The stock was brought over from Glencoe to Capitan on foot and freighted from here to Oscura. There is a shortage of grass at Glencoe and the senator is taking the advantage of better pasture at Oscura until the spring range is in good condition for stock to feed upon.

D. T. Heath and wife, who have been visiting the C. A. Heath family for the past two weeks, left for their home in Longview, Texas, Thursday on No. 3. Another brother, D. D. Heath left on No. 4 for Texas, where he will engage in farming. He has 100 acres of good farming land in the Lone Star state and thinks farming a better and less dangerous occupation than railroading.

S. H. Nickles, who has for the past year been farming on his place on the south fork of Eagle Creek, will move to the foot of the Tucson mountains where he has other possessions and will in the future conduct a ranch and small truck farm. Thus Mr. Nickles will soon become a Carrizozo man and we stand ready to welcome the family to their old home.

Mrs. Robert Hoffman came up from El Paso Friday and after spending the latter part of the week with relatives and friends, left Sunday for the border accompanied by Mrs. Wm. Kahler and Mrs. J. P. Loughrey. The last named ladies will spend the major portion of the present week with Mrs. Hoffman in El Paso.

Mrs. M. L. Blaney and Mrs. A. H. Harvey left on No. 3, Thursday for El Paso where they are spending the week-end.

Why Not Others?

H. J. Garrard, of the firm of Garrard & Corn has just purchased a new Nash automobile which he will use for his own pleasure and this should offer the following suggestion to prospective buyers: If Mr. Garrard, with his vast amount of experience in this line of business will select this particular machine for his own use, why would not the same thing be just what the buyer wants? There are still bargains in Garrard & Corn's accessory room, but they are going fast. The very thing you are wanting and may have at the bargain price may not remain, if you hesitate, so you will have to hurry. Come in and allow us to demonstrate to you the many ways in which we can save you money.—Garrard & Corn.

A good sized crowd of Carrizozo Shriners made a pilgrimage to El Paso this week to witness the class of candidates cross the "Hot Sands." W. C. Wack and George Ferguson left early in the week and were followed by O. W. Bamberger and Ernest Prehm. They had a good time and were treated fine by the Shriners of the border city.
